D. Violation of Student Rules can result in disciplinary referrals to the University.

Section II: Education of Policies

Director Staff is responsible for educating Chairs on ATC’s policies. Chairs are responsible for the education of all ATC’s policies to their Counselors. All members are responsible for reporting a break in policy to the Advisor and/or Director Staff.

Section III: Consequences

When ATC policy violations occur, action may be taken according to the discipline/removal procedures outlined in Article XVI. Policy violations are dealt with on a case-by-case basis and may result in consequences ranging from probation to immediate removal. Policy violation consequences can also have an impact on future camp involvement.

Article VIII: Attendance Policy

Section I: Participation
All members must participate fully and appropriately in all ATC meetings, events, including fundraisers. ATC events are created in order to promote unity within the organization. These events allow all of staff to get to know one another in order to ensure the mission of ATC is met and promoted throughout the organization.

Section II: Consequences

If a member is not participating in ATC events, Director Staff is responsible for discussing the problem with the member. If the problem persists, Director Staff and Chair(s) (if involving counselors/teamer) will discuss lack of involvement/participation with the member and try to identify the problem. If the member continues to not participate fully at ATC events, disciplinary action may occur within the Disciplinary Procedure. If the member’s participation becomes an issue at camp, dismissal from the campsit may occur (see Article XVI).

Section III: Absences for All Members

A. All members are expected to attend all mandatory ATC events. If a member is unable to attend a mandatory ATC event, they must submit an Absence Excuse Form to the Director of Administration and Risk Management at least 48 hours prior to the event. If the member is a counselor, the Chair must be notified in addition to the Absence Excuse Form. The Director of Administration and Risk Management will review the form and determine if the absence is excused or unexcused on a case-by-case basis (the Director of Administration and Risk Management will contact the party if the absence is not excused). Failure to submit the form will result in automatic probation. In the event that the form cannot be submitted 48 hours in advance, the member must contact their Director liaison by phone as soon as possible. If a member misses training, they must attend the make-up session in a predetermined timeframe.

B. Two unexcused absence from all camp meetings, all camp fundraisers, workdays, and any other event that Director Staff deems as required will result in probation.

C. Unexcused absences from events held within individual camps can result in probation and will be left up to the discretion of the Chair for that particular camp. Individual camp events include: individual camp meetings, camp specific fundraisers, and other events deemed mandatory by the Chair. The Chair will then report the unexcused absences obtained by their Counselors to the Director of Administration and Risk Management within 72 hours of the absence.

D. Probation is not given for excused absences unless more than three are obtained. The Director Staff will decide upon emergency circumstances if probation is necessary.

E. Examples of excused absences are illness, death in the family, emergency medical appointments and other extenuating circumstances. Examples of unexcused absences are homework, work, errands, sporting events, concerts, or appointments that could have been scheduled around ATC events. Please refer to an extended list of excused absences at studentrules.tamu.edu, Section 7.1. For additional questions, please contact the Director of Administration and Risk Management.

F. In the event if a member has to leave a mandatory meeting early, the member must fill out an absence excused form.

G. If a member has a scheduled class during the time of a mandatory ATC event, they must submit a Class Conflict form with Director Staff. They are excused from attending the
scheduled meetings (without counting as excused absences), but are responsible for make-up work deemed necessary by Director Staff. Failure to complete necessary work could result in the disciplinary/removal procedures as outlined in Article XVI.

A. Tardiness consists of arriving up to 10 minutes after the start of the event.
B. Two tardies results in an unexcused absence.
C. Director Staff will decide upon emergency circumstances.

E. Members should fill out an absence excuse form if they know they will be late to an ATC event.

Section V: Consequences of Probation

A. Each member, once on probation, will go to review board if another offense occurs, regardless of severity of offense.
B. Based on the evidence provided, during the Review Board Director Staff has the option to remove an offender from probation, keep member on probation with no further consequences, or follow disciplinary procedures outlined in article XVI by majority vote.
C. If member is kept on probation after review board and another offense occurs, disciplinary procedures outlined in article XVI will be followed.

Section VI: Consequences

The Director of Administration and Risk Management will notify members, and copy the member’s Chair, when a member is on probation and/or review board as a result of probation related to attendance.

Article IX: Finances

Section I: Accounts

All money belonging to this organization shall be deposited and disbursed through an account established for this organization at the Student Organization Finance Center (SOFC) and/or the fiscal office. All funds must be deposited within twenty-four hours after collection. The Advisor must approve and sign all expenditures before payment. At any time there must be $1000.00 in the ATC program-specific account per car or van taken to camp (the amount of money needed to pay the insurance premium should an accident occur). The Director Staff must ensure that at least a $500.00 profit per session be budgeted for a safety measure and for program development.
Section II: Fees

Fees for camp will be determined by the Executive Director and the Director of Finance, and must be approved by the Advisor. Fees will be paid by all of the participants in ATC, including Chairs, Counselors, and campers. Members must pay the fees by the due date or be approved for an alternative payment plan set up by the Director of Finance. Probation will be given if a member fails to pay their dues by their specified payment plan date. If not paid within one week of specified date, begin disciplinary process (see article XVI). Should a member be ineligible to attend camp for any reasons, the Director of Finances will determine the amount returned, if any. If any member is removed from this organization due to disciplinary reasons, then there will be no refund.

Section III: SOFC Individual Accounts

Each Individual Camp must have an account with the SOFC for all money and banking purposes. Money will not be held in personal accounts or banks other than the SOFC. All money fundraised under the name of ATC shall be used for ATC purposes only. All funds must be deposited within twenty-four hours after collection. After camp, at the discretion of the Director of Finance, all remaining money in each account will be deposited into the ATC main account. The Executive Director and the Director of Finance will be responsible for the paperwork involved with each Individual Camp. The ATC Advisor must approve and sign each expenditure before payment.

Article X: Alcohol and Drug Policy

Section I: Purpose

In keeping with the goals of ATC, the liability and participant safety are the most important reasons for this policy. Also, the use of illegal drugs and alcohol do not align with the mission of ATC, which is to successfully transition new students into the Aggie Family.

Section II: Policy

The use of alcohol and drugs for the purpose of promoting camp unity (bonding) or the formation of relationships between members of the Camp or Officers is not in line with the mission of ATC. The following are provisions regarding this:

A. It is a violation of this policy for any member of their Individual Camp (Director Staff, Chairs, Counselors, and Teamers) and campers to consume and/or be under the influence of alcohol/drugs in the presence of one or more members of the same Individual Camp while policy is in effect (see Article XX).

B. It is a violation of this policy for any member of their Individual Camp (Director Staff, Chairs, Counselors, and Teamers) to consume and/or be under the influence of
alcohol/drugs in the presence of one or more members of the same Individual Camp while policy is in effect (see Article XX).

C. No matter the environment you are in, if alcohol is present, members cannot be associated with any member or camper of their Individual Camp while policy is in effect.
   1. Environment includes both public and private locations (such as bars, dancehalls, house parties, social events, etc.)
   2. Association (or being associated) is defined as having a similar specific reason for being present being in that environment.

D. If it is determined by any Director or the ATC Camp Advisor that this position on alcohol and drugs has not been supported by any member, i.e. Directors, Chairs, Counselors, or Team Members, then that individual shall be subject to the disciplinary/removal procedures as outlined in Article XVI.

E. Members of ATC are expected to use good judgment and to protect the integrity of ATC at all times. Remember that the use of alcohol could damage the public perception and reputation of the organization.

F. Members of ATC are not allowed to use drugs or alcohol with campers while policy is in effect. See Article XX.

G. The misuse of prescription/over the counter drugs is prohibited at all times.

H. As the state of Texas law affirms, people under the age of twenty-one are prohibited from consuming alcohol. Therefore minors within ATC are prohibited from consuming alcohol with other members of ATC. If underage drinking is brought to the attention of the Director Staff, consequences will be at the discretion of Director Staff.

I. No ATC money shall be used to buy drugs or alcohol.

J. Attending an ATC function under the influence of alcohol is not permitted under any circumstances. An ATC function is defined as any event or function planned by an Advisor, Officer, or Member for the purpose of promoting camp unity (bonding) or the formation of relationships between members of the Camp or Staff (i.e. Director Staff, Chairs, Individual Camp/ meetings, any training day, and camp road trip, or Director/Advisor trip), as well as any event determined by the Director Staff to be a representation of the organization.

K. If you are in an environment where alcohol is present, the wearing of ATC paraphernalia (anything used in the promotion of camp, including but not limited to: T-shirts, sweats, overalls, socks, beanies, hats etc.) is not permitted.

L. No inappropriate discussions, advertisements, or references to alcohol or drugs will be permitted on the GroupMe, list serve, Facebook™, public forum, any form of social networking site or at camp.

M. Failure to abide will result in disciplinary action that could lead to expulsion from current and future camps. The severity of the infraction is to be determined by the serving Director Staff.

N. If members of the same Individual Camp are also members of another organization together, they are subject to ATC’s Alcohol Policy, although for required events within that organization they may attend but will not consume alcohol together.

O. Use of tobacco products and electric cigarettes are prohibited during ATC functions, with the exception of road trips and work/prep week in which case use will be at the discretion of the facilities operator and chairs.
P. Special circumstances, such as ATC sponsored Alumni Tailgates, Ring Dunks, and camp events hosted at Hurricane Harry’s, will follow the following policy: ATC members will not consume or be in possession of alcohol when in the presence of ATC members of the same individual camp. No ATC apparel will be worn. Members of the same individual camp will not dunk together. Members of the same individual camp can attend and support a fellow member who is dunking, but must leave immediately following the ring dunk. Individual camp includes the following people: co-chairs, counsellors, liaisons and camp assigned teamers.

Section III: Reasons

This policy is strictly enforced for the benefit of the camp and the following reasons:

A. The government, TAMU policy and ATC policy prohibits illegal drug use. TAMU policy also prohibits alcohol use at university events.

B. If substance abuse is involved in an ATC event, the group may become divided based on legal age and/or the desire to participate or not participate in this activity.

C. The use of illegal drugs and alcohol do not live up to ATC’s standard of excellence. We value inclusivity, so we can reach out to new campers and appropriately welcome them to A&M and the integrity of following university and state laws. By using illegal drugs and alcohol, ATC staff (Directors, Chairs, Teamers, and Counselors) would be setting a poor example for the campers we hope to bring into the Aggie Family and peers of the organization.

Section IV: Consequences

If it comes to the attention of the Director Staff that a member(s) of ATC is drinking inappropriately or misusing drugs and therefore violating this policy, the disciplinary procedure will be followed.

Article XI: Appropriate Relationships

Section I: Policy

A. You must maintain appropriate relationships with others in camp. An inappropriate relationship is a short or long term romantic or sexual relationship that did not exist prior to camp.

1. It is a violation of this policy for any member of camp (Director Staff, Chairs, Teamers, or Counselors) and campers, or any 2 members of camp (Director Staff, Chairs, Teamers, or Counselors) to have an inappropriate romantic or sexual relationship.

2. However, if you have a previously existing romantic relationship with someone before the first ATC meeting, it is fine to continue this relationship as long as it does not influence both people’s ability to fulfill his/her role within ATC, and you both fill out the relationship disclosure form. In terms of ATC membership,
selections, and the application process, choosing your significant other is strongly discouraged, but open to discussion with Director Staff.

B. Having a romantic or sexual relationship with someone else in camp can create an uncomfortable atmosphere for everyone involved. It may give the appearance of favoritism in some cases. Also, if individuals in a relationship experience a break up before or during camp, it can cause the camp to be split if they decide to choose sides. Finally, it also can be disrespectful to the group because you might be giving more of your time and attention to one individual instead of to all of your camp, your responsibilities, and, most of all, the campers. In order for you to focus on camp and get the most out of your camp experience, it is in your best interest to maintain friendships with everyone in camp, rather than a romantic or sexual relationship with just one person.

Section II: Consequences

An ATC Director, Chair, Teamers or Counselor may discuss the situation with another member of Director Staff or the Advisor as soon as an inappropriate relationship is brought to their attention and the disciplinary procedure may be followed if needed. Inappropriate relations may be noted on one’s permanent camp record. (See Article XVI)

Article XII: ATC Affiliated Social Media Usage

Section I: Purpose

ATC uses multiple social media platforms to create an inclusive and welcoming environment for all of its members. In keeping with the culture and values of ATC, expectations of behavior on social media is set in order to avoid any type of harassment between members.

Section II: Policy

A. On all ATC affiliated social media platforms (including but not limited to Facebook, Instagram, Twitter, GroupMe, list serve, public forum, and other similar platforms), members must follow the behavioral expectations created by Director Staff and the Chairs. These expectations include:
   a. No pictures of or links to material of pornographic nature may be sent through any camp affiliated social media platform.
   b. Members will avoid offensive behavior that is severe, persistent or pervasive enough to interfere with an individual’s participation in ATC or Texas A&M University activities.
   c. Further expectations or levels of appropriateness can be set by Director Staff or Chairs, so long as they are preventing the mentioned offensive behavior but also does not impede individual’s rights to free speech.

B. Constitutionally protected expression might not be considered harassment. Members are entitled to have any discussions about topics and share any non-pornographic materials
that they desire. However, the right to free speech and principles of academic freedom are not absolute.

C. Any protected speech that is in contradiction of ATC’s commitment to diversity (see Article XVII) or Texas A&M University’s commitment to civility, diversity, academic freedom, equality of opportunity and the valuing of human dignity is in violation of this policy.

Section III: Consequences

A. If it comes to the attention of the Director Staff that a member of ATC has sent items of pornographic nature or have potentially made another member feel harassed, the disciplinary procedure will be followed. If it is found that the culture created by the chairs did not do enough to prevent this inappropriate behavior, then the chairs of that individual camp or team will go through the disciplinary procedure.

Article XIII: Road Trips

Section I: Policy

Road trips are activities or events located 25-250 miles from the University and meeting at least one of the following criteria:

A. Organizational resources are used to plan, promote or fund the event, i.e. meetings, listserves, GroupMe, communication via ATC affiliated Facebook, or organizational monies;

B. A primary reason for the event is to promote cohesion and bonding within a specific camp, DG group or the organization as a whole;

C. A primary outcome of the event is for the betterment of ATC;

B. All road trips must be submitted to the Director of Administration and Risk Management and ATC advisor for approval.

C. Chairs are responsible to turn in a Road Trip Planning Form to the Director of Administration and Risk Management at least 10 days before their planned departure time.

D. After the Road Trip Planning Form is approved by the Director of Administration and Risk Management, the Director is then responsible for filling out Texas A&M’s Critical
Incident Response Team (CIRT) (http://cirt.tamu.edu) form. This form MUST be filled out 7 days BEFORE the road trip takes place.

E. At least three days before the road trip, the Chairs/Directors planning the road trip must meet with the Director of Administration and Risk Management. The road trip is not approved until this meeting has occurred. At this meeting, the Director of Administration and Risk Management may approve the road trip as is, require edits or changes to obtain approval, or not allow the road trip to occur.

F. Each vehicle must have a map, directions, and a cell phone in order to communicate with each other and prevent group separation.

G. The first and last vehicle must have a first aid kit. If available, every car should have one.

H. There must be enough seatbelts for every passenger in each car.

I. Any person who drives at any time on a road trip must carry a valid ID and their insurance information as well as submit a Driver’s Agreement Form

J. Road trips must all be within the state of Texas.

K. At least one Chair(s) and/or member(s) of Director Staff must be present for all road trips.

L. It is imperative to follow these guidelines when planning a road trip in order to ensure the safety of everyone involved on the trip.

Section III: Consequences

If this policy is violated, the disciplinary procedure will be followed (see Article XVI).

Article XIV: Hazing

Section I: Policy

No member of the ATC Officers and members (i.e. Directors, Chairs, Teamers, and Counselors) shall engage in any form of hazing. In accordance with Texas A&M University Student Rules and Regulations, hazing is defined as any act directed against a student that endangers the mental or physical health or safety of a student for the purpose of pledging, being initiated into, affiliated with, holding office in, or maintaining membership in an organization. Any member found to be part of a hazing incident shall be immediately removed from their position as an Officer and/or Member and referred to the University for further action. Hazing includes, but is not limited to:

A. Misuse of authority by virtue of one’s class rank or leadership position
B. Striking another student by hand or with any instrument or any type of physical brutality
C. Any form of physical bondage of a student
D. Taking a student out to an outlying area and dropping him/her off
E. Forcing a student into violation of the law or a University regulation such as indecent exposure, trespassing, violation of visitation, etc.
F. Any form of “quadding” or “groding”
G. Having firsthand knowledge of the planning of such activities or firsthand knowledge that an incident of this type has occurred and failing to report it to appropriate University officials will be reported to the University.

Additionally, Texas A&M and Trinity Pines’ general policies state that firearms and fireworks are strictly prohibited with the exception of concealed handguns with the proper licensing.

Article XVI: Discipline/Removal Procedures/Ineligibility Procedures

Section I: Purpose

Every officer and member of ATC has accepted the responsibilities of their position within this organization, including, but not limited to, those found in this Constitution, the Behavior Agreement, the In Camp and Skit Expectations, and Travel Accountability Agreement. They have also agreed to be committed to the Mission and Values of this organization. The Disciplinary Procedures outlined here ensure that each leader and member will uphold all of his or her commitments and responsibilities, and that the mission of this organization will be maintained and upheld to the highest standards.

Section II: The Chair Procedure

A. Chairs recognizing a situation needing to be addressed by an official disciplinary process will first conduct a Chair Procedure Meeting (CP) before bringing the issue to Director Staff.

B. The Chairs shall gather information as deemed necessary to the situation.

C. The Chairs involved may decide to have a member of Director Staff present, preferably their camp liaison.

D. The Chairs shall notify the Director Staff and the party in question and 1) identify the situation(s) in question, including the specifics such as date, location, and/or event that the situation(s) in question took place, 2) state potential policy violations, 3) schedule a suitable meeting time, 4) state the full range of consequences that could result and 5)
state that the party in question needs to respond within 72 hours of notification. If the party in question has not responded within 48 hours of receiving the Chair Procedure notice, the Chairs will send a second notice. Upon receiving a response from the party in question, the Chairs will have 5 business days to set up and conduct the meeting. During this meeting, the identified Chairs, Liaison and the party in question will discuss the situation and ways to resolve it. A set time limit for resolution will be established. If deemed necessary, this timeline may be updated by the Chairs. Notes will be taken and signed by the individual in order to ensure everything that was said is true. This information can be used later to make a decision. Minutes of this interview shall be recorded and a letter of findings shall be published and placed in the ATC records by sending all related documents and notes to the Executive Director and Director of Administration and Risk Management.

E. The following constitute a CP: tardiness, failure to communicate, having a negative attitude, two unexcused absences, failure to participate, and any other minor infractions the chairs or Director Staff deem appropriate for the Chair Procedure.

Section III: The Disciplinary Procedure

A. The Director and Advising Staff shall gather information as deemed necessary to the situation(s). If needed, written documentation of the situation(s) involving the party under review may be made by the person(s) closest to the situation. If needed, this may include an interview with the party in question or others with potential information related to the situation. Minutes of any interviews shall be recorded, and a letter of findings shall be published and placed in the ATC records.

B. The information that has been gathered related to the situation(s) is reviewed by the Executive Director and Advising Staff.

C. If deemed necessary, the Executive Director sets up a meeting time with the party in question. In the event that the Executive Director is the member going through the disciplinary procedure then the Director of Administration and Risk Management will take on that duty. Director Staff shall notify the party in question and 1) identify the situation(s) in question, including the specifics such as date, location, and/or event that the situation(s) in question took place, 2) state potential policy violations, 3) schedule a suitable meeting time, 4) state the full range of consequences that could result, such as a maximum fine or removal from the organization, and 5) state that the party in question needs to respond within 72 hours of notification. If the party in question has not responded within 48 hours of receiving the Disciplinary Procedure notice, Director Staff will send a second notice. Upon receiving a response from the party in question, Director Staff will have 5 business days to set up and conduct the meeting. During this meeting, the identified Directors, Advising Staff and the party in question will discuss the situation and ways to resolve it. A set time limit for resolution will be established. If deemed necessary, this timeline may be updated by appropriate Directors and/or Advising Staff. Notes will be taken and signed by the individual in order to ensure everything that was said is true. This information can be used later to make a decision. Minutes of this interview shall be recorded, and a letter of findings shall be published and placed in the ATC records.
D. If the problem is not resolved, the time limit for resolution expires, another situation arises prior to the resolution of the first problem, the party in question fails to cooperate with the investigative process, the party in question has not responded within the allotted 72 hours of receiving the initial meeting notice, or the matter warrants a more formal review, then the situation(s), at the discretion of the Executive Director and Advising Staff, will go under review of the Review Board.

Section IV: Review Board

A. The Review Board shall consist of the Director Staff and the Advisor, with each Director carrying one vote in the decision making process. Both the Advisor and the Executive Director must be present for the Review Board to take place. The Advisor, who is encouraged to participate in discussions, will not have a vote in the decision making process. The Executive Director is head of the review board and will therefore control all review board procedures, but all Directors will have equal voting privileges. At the discretion of the Executive Director and Advisor, a Director may be removed from the Review Board for a certain case if that Director feels that he or she cannot be impartial to the situation, under review by the review board him/herself, or has a conflict of interest. If the Executive Director is under review or removed from the Review Board, then the Advisor will head the Review Board, while still acting without a vote. Additional Review Board members may be added at the discretion of the Executive Director, Director Staff, and/or Advisor.

B. If deemed necessary, the Executive Director sets up a Review Board meeting time with the party in question. In the event that the Executive Director is the member going through the Review Board then the Director of Administration and Risk Management will take on that duty. Director Staff shall notify the party in question and 1) identify the situation(s) in question, including the specifics such as date, location, and/or event that the situation(s) in question took place, 2) state potential policy violations, 3) schedule a suitable meeting time, 4) state the full range of consequences that could result, such as a maximum fine or removal from the organization, and 5) state that the party in question needs to respond with within 72 hours of notification. If the party in question has not responded within 48 hours of receiving the Review Board notice, Director Staff will send a second notice. Upon receiving a response from the party in question, Director Staff will have 5 business days to set up and conduct the Review Board.

C. The party in question will be brought before the Review Board. The Review Board will state the charges against the party and/or present its case against the party in question. This will also serve as a time for a representative to provide any evidence supporting the case and ask any questions Director Staff may have pertaining to the case. The party in question will then be allowed up to ten minutes to ask any questions they may have in order to further clarify the reasons that they have been brought to Review Board followed by twenty minutes to state his or her case. The party in question may present any supporting evidence at this time.

D. A representative of the Review Board is allowed to present any contrary evidence or testimony. The representative is allowed up to twenty minutes and may bring in any supporting documents.
E. The party in question shall then be given a ten-minute rebuttal period.

F. The Review Boards shall meet privately to make their decision. This decision is made by a majority vote of the Review Board and the decision is the final opinion of ATC. The Executive Director must inform, by formal letter, the party in question of the Review Board’s decision within five business days following the Review Board. The Executive Director must also inform the party in question of the appeals process. Documentation of the findings and the decision shall be placed in the ATC records.

Section V: Additional Procedures

A. In the event that an officer or member violates the responsibilities or commitments of his or her position, the Disciplinary Procedures outlined here will be used at the discretion of the Director Staff and/or Advising Staff.

B. A Review Board shall review all cases deemed necessary by the Executive Director and/or Advising Staff.

C. Every part of this disciplinary procedure shall follow the ATC Confidentiality article of the Constitution.

D. The ATC Executive Director and/or Advisor specifically retains the right to immediately dismiss a leader or member from ATC or place a member on temporary suspension in extreme circumstances (i.e. cases of sexual harassment, hazing, endangerment, etc.). The case will move directly to the review board process and the party in question will remain on suspension until the disciplinary procedure occurs.

E. This disciplinary procedure is for guidance purposes only, and failure to follow these procedures does not guarantee grounds for appeal.

F. For Disciplinary Procedures at Trinity Pines, the process will be completed in the same manner but during a shortened time frame.

G. The length of time given prior to Chair Procedures, Disciplinary Procedures and Review Boards will be left up to the discretion of the Advisors and the Director Staff under the given circumstances.

Section VI: Consequences

If the Review Board finds the party in question to have violated the policy in question, the Director Staff will vote to decide the consequences of this violation. This shall be a majority vote. The consequences of the violation can be any action that the board finds appropriate, including removal from ATC and impact on future ATC involvement. As appropriate, the Director Staff will notify the University of any activity that violates the University rules and regulations. The Director Staff’s decision on consequences is the final opinion of ATC.

Section VII: Appeal Procedures

If the party in question has grounds for appeal (See article XVI section II or III), he or she can appeal that decision. Grounds for an appeal are limited to the following:

A. New information available that could significantly change the outcome of the review.

B. The disciplinary procedures did not follow procedure as established in the Constitution.
C. Consequences imposed by the disciplinary process are incongruent with the findings of the review.

This appeal must be done within ten days of the disciplinary decision. If needed, the party may meet with the Executive Director and the Advising Staff to explain why he or she is appealing the decision. This meeting is not to prevent the party from appealing, but rather to learn the grounds of his or her appeal and inform the party of the appropriate appeal procedures. The appeal will be taken to the ATC Advisor for review and consideration. The Advisor makes the determination of whether or not the appeal meets one of the qualifying grounds for appeal and can choose to uphold the original decision, recommend to ATC Director Staff revisions to the decision or any sanctioning requirements, or send the situation back through the disciplinary process for further review. The ATC Advisor may call on additional support such as the secondary Advisor or other Student Activities Staff members, if needed, to assist with the appeals process. Once this appeal process is complete the decision is final and there is no further point of appeal.

Section VIII: Eligibility Appeal Procedure

If a member does not meet the grade or the eligibility requirement, they can choose to submit an appeal to the Director of Administration and Risk Management stating the extenuating circumstances that contributed to them not meeting the requirements. Appeals must be submitted by the pre-determined date set by Director Staff. Once all appeals have been submitted, the Director Staff and Advisor will call a meeting to determine which appeals will be accepted. In order for an appeal to pass Director Staff must be able to clearly see based on the appeal as well as previous GPAs that either 1) the member had one poor academic performance that is not consistent, and they have identified mitigation or 2) The member had an extenuating circumstance occur that semester effecting their eligibility. This decision will be made by a majority vote. The Advisor does not have a vote. The Director of Administration and Risk Management will notify the member with a letter stating the decision. This decision is final and there is no further point of appeal. If a leader of the organization (chair or director) should fail to maintain a GPA of 2.25 or above they must fill out a grade appeal for ATC. If a leader of the organization should fail to maintain a GPA of 2.0 they must fill out a grade appeal for ATC, if their appeal passes they will then need to go through the appeal process of Student Activities. Should either of the appeals not pass the leader of the organization will be moved from the organization.

Completion of the on-line education process for the SOFC is required of all organization advisors. This training can be accessed online at http://sofc.tamu.edu.

E. The Advisor should be aware of the University Student Rules and other institutional guidelines that establish expectations for student behavior and activities.
