All Members are expected to attend all mandatory ATC events. If a Member is unable to attend a mandatory ATC event, they must submit an Absence Excuse Request Form on MaroonLink at least 48 hours prior to the event. If the Member is a Counselor or Teamer, the Member's Chair must be notified in addition to the Absence Excuse Request Form. Failure to submit the form will result in an unexcused absence. In the event that the form cannot be submitted 48 hours in advance, the Member must contact their Director Liaison by phone as soon as possible.

- a. Two unexcused absences from all camp meetings, workdays, and any other event that Director Staff deems as required will result in a Chair Procedure (CP). Three unexcused absences will result in a Director Procedure (DP).

Section III: Tardiness

Tardiness consists of arriving up to ten minutes after the start of the event. Two tardies result in an unexcused absence. Director Staff will decide upon emergency circumstances. If a Member is ten or more minutes late to a mandatory meeting, then the Member will receive an

unexcused absence. Members should fill out an Absence Excuse Form if they know they will be late to an ATC event.

Section IV: Consequences

If a problem persists, the Chair(s) (if involving Counselors/Teamers) and Director Staff will discuss lack of involvement and participation with the Member and try to identify the problem. If the Member continues to not participate fully at ATC events, disciplinary action may occur within the Disciplinary Process (Refer to Article XVI). If the Member's participation becomes an issue at camp, dismissal from the campsite may occur.

- a. The Director of Risk Management and Administration will notify Members, and copy the Member's Chairs, when a Member reaches two unexcused absences. All policies regarding the use of alcohol outlined in this document are put into place by Director Staff. Chairs are permitted to create their own policies regarding alcohol that can be stricter but not more lenient than the policies outlined in this document. Chairs are expected to inform their camps of their restrictions/version of Alcohol Policy in the first IC meeting. The following are provisions regarding this:

- a. As the State of Texas law affirms, people under the age of 21 are prohibited from consuming alcohol. If underage drinking is brought to the attention of the Director Staff, consequences will be at the discretion of Director Staff. Alcohol policy is for Members 21 and over, in coordination with state law. Those under 21 are not permitted to drink in any form.
 - i. All Members of the organization are prohibited from purchasing for, distributing to, or consuming alcohol, illegal drugs, or controlled substances with campers or underage individuals from their Individual Camps during the term of membership.

- b. Alcohol must not be consumed the day of all mandatory ATC events or any other official ATC function.
 - i. Attending an ATC function with alcohol/illegal drugs in your system is not permitted under any circumstances.
 - ii. An ATC function is defined as any event or function planned by an Advisor, Officer, or Member for the purpose of promoting camp unity (bonding) or the formation of relationships between Members of the Camp or Staff. Official ATC functions also include any event planned or otherwise discussed in any ATC-related or Camp-specific means of communication.
- c. Mandatory events include:
 - i. Individual Camp/All Camp meetings, any training day, camp road trip, or Director/Advisor trip, as well as any event determined by the Chairs or Director Staff to be a representation of the organization.
- d. Being under the influence and/or exhibiting signs of prior alcohol, illegal drug, or controlled substance use (which can be, but is not limited to: nausea, thirst, fatigue, headache, irritability, and dizziness) in such a way that negatively impacts your ability to be fully engaged and participative in activities at any mandatory Aggie Transition Camps Event or Aggie Transition Camps Road Trip as defined by the Aggie Transition Camps Constitution is strictly prohibited. The misuse of prescription or over-the-counter drugs is prohibited at all times.
- e. Members of ATC are expected to use good judgment and to protect the integrity of ATC at all times. Remember that the use of alcohol and/or illegal drugs could damage the public perception and reputation of the organization.
- f. No Aggie Transition Camps money (i.e. camp accounts or camp funds) shall be used to buy alcohol, drugs, or paraphernalia associated with either substance. This also includes money collected by the Chairs or Counselors of the camp designated as a discretionary fund.
- g. No inappropriate discussions, advertisements, or references to alcohol or drugs will be permitted on camp associated Slack, GroupMe, Snapchat, Facebook, public forum, any form of social media or at camp.
- h. No Aggie Transition Camps apparel, including hats and clothing, or paraphernalia shall be worn or displayed while consuming or purchasing alcohol. If you are in an environment where alcohol or illegal drugs are present, the wearing or displaying of ATC paraphernalia is not permitted.
 - i. This rule applies to all Aggie Transition Camps events, and all non-Aggie Transition Camps events.
- i. Use of tobacco products, electronic cigarettes, and vapes are prohibited during ATC functions, with the exception of road trips and prep week in which case, use will be at

the discretion of the facilities operator and Chairs. Use of tobacco products, electronic cigarettes, and vapes are not permitted at camp.

- j. As a student at Texas A&M university, you are required to adhere to Texas A&M University Student Rules and Texas state law. Each Member of Aggie Transition Camps must uphold University policies regarding alcohol and drugs for organizations and students.
 - i. Any Member of Aggie Transition Camps with direct knowledge of a violation of Texas A&M University Student Rules and/or Texas state law is encouraged to follow the appropriate reporting mechanisms.
- k. If it is determined by any Director or Advisor that this position on alcohol and drugs has not been supported by any Member (i.e. Directors, Chairs, Counselors, or Teamers), then that individual shall be subjected to the Disciplinary Process (Refer to Article XVI).
 - i. Failure to abide will result in disciplinary action that could lead to expulsion from current and future camps. The severity of the infraction is to be determined by the serving Director Staff.
- l. This policy will remain in effect from the moment membership is accepted until 5PM 2 days after Members arrive back to College Station from camp.
- m. As this policy is put in place to protect Members' rights outside of the organization, if any issues or threats to the integrity of ATC arise, Director Staff reserves the right to change this policy at any time.

Section III: Reasons

This policy is designed to protect Members' rights as individuals, not to encourage the use of alcohol with other Members of the organization. This policy is strictly enforced for the benefit of camp and the following reasons:

- a. The government, TAMU policy, and ATC policy prohibits illegal drug use. TAMU policy also prohibits alcohol use at university events.
- b. If substance abuse is involved in an ATC event, the group may become divided based on legal age and/or desire to participate or not participate in this activity.
- c. The use of alcohol and illegal drugs as a means to form bonds or relationships does not live up to ATC's standard of excellence. We value inclusivity so we can reach out to new campers and appropriately welcome them to Texas A&M University. By using alcohol in this way or illegal drugs, ATC Members would be setting a poor example for the campers we hope to bring into the Aggie Family and peers of the organization.

Section IV: Consequences

If a Member violates the policy set forth by their respective Chairs, that Member is subject to disciplinary actions. If it comes to the attention of Director Staff that a Member(s) of

ATC is drinking inappropriately or misusing drugs and therefore violating this policy, the Disciplinary Process will be followed (Refer to Article XV).

- a. In the event of a situation in which a Member of Aggie Transition Camps performs negatively under the influence of alcohol, risking the reputation of ATC, disciplinary action will be taken under the discretion of Director Staff.

Article X: Appropriate Relationships

Section I: Policy

You must maintain appropriate relationships with others in your Individual Camp or Team. An inappropriate relationship is a short- or long-term romantic or sexual relationship that did not exist prior to camp Membership acceptance.

- a. It is a violation of this policy for any Member of camp (Director Staff, Chairs, Teamers, or Counselors) and Campers, or any 2 Members of camp (Director Staff, Chairs, Teamers, or Counselors) to have an inappropriate romantic or sexual relationship.
- b. If you have a previously existing romantic relationship with someone before membership begins, it is permitted to continue this relationship as long as it does not influence both people's ability to fulfill their role within ATC and fill out the relationship disclosure form signed by both parties and a Director.
 - i. In terms of ATC Membership, selections, and the application process, choosing your significant other is strongly discouraged, but open to discussion with Director Staff.

Section II: Reasons

Having a romantic or sexual relationship with someone else in camp can create an uncomfortable atmosphere for everyone involved. It may give the appearance of favoritism in some cases. Also, if individuals in a relationship experience a break up before or during camp, it can cause the camp to be split if they decide to choose sides. Finally, it can also be disrespectful to the group because you might be giving more of your time and attention to one individual instead of to all of your camp, your responsibilities, and most importantly the campers. In order for you to focus on camp and get the most out of your camp experience, it is in your best interest to maintain friendships with everyone in camp, rather than a romantic or sexual relationship with just one person.

Section III: Consequences

An ATC Director, Chair, Teamer, or Counselor may discuss the situation with another Member of Director Staff or the Advisor(s) as soon as an inappropriate relationship is brought to

their attention and the disciplinary process may be followed if needed. Inappropriate relationships may be noted on one's permanent camp record.

Article XI: ATC Affiliated Social Media Usage

Section I: Purpose

Aggie Transition Camps uses multiple social media platforms to create an inclusive and welcoming environment for all of its Members. In keeping with the culture and values of ATC, expectations of behavior on social media are set in order to avoid any type of harassment between Members.

Section II: Policy

On all ATC affiliated social media platforms (including but not limited to Slack, GroupMe, Facebook, Instagram, Twitter, Snapchat, Zoom, public forum, and other similar platforms), Members must follow the behavioral expectations created by Director Staff and Chairs. These expectations include:

- a. No pictures or links to material of pornographic nature may be sent through any camp affiliated social media platform.
- b. Members will avoid offensive behavior that is severe, persistent, or pervasive enough to interfere with an individual's participation in ATC or Texas A&M University activities.
- c. No posts or behavior that reflect any violation of ATC policies.
- d. Further expectations or levels of appropriateness can be set by Director Staff or Chairs, so long as they are preventing the mentioned offensive behavior but also does not impede individual's rights to free speech.
- e. Constitutionally protected expression may be considered harassment. Members are entitled to have any discussions about topics and share any non-pornographic materials that they desire. However, the right to free speech and principles of academic freedom are not absolute.
- f. Any protected speech that is in contradiction of ATC's Commitment to Diversity (Refer to Article XII) or Texas A&M University's commitment to civility, diversity, academic freedom, equality of opportunity and the valuing of human dignity is in violation of this policy.

Section III: Consequences

If it comes to the attention of Director Staff that a Member of ATC has sent items of pornographic nature or have potentially made another Member feel harassed, the Disciplinary Process will be followed (Refer to Article XVI).

- a. If it is found that the Chairs did not do enough to prevent this inappropriate behavior, then the Chairs of that Individual Camp or Team will go through the Disciplinary Process.

Article XII: Road Trips

Section I: Policy

ATC road trips are activities or events located 25 to approximately 250 miles from Texas A&M University and meeting at least one of the following criteria:

- a. A primary reason for the event is to promote cohesion and bonding within a specific Individual Camp, Team, DG group, or the organization as a whole;
- b. A primary outcome of the event is for the betterment of ATC;
- c. Sponsored by the University.

Individual Camps or Team in Howdy Camp may take no more than one social road trip. Individual Camps or Team in T-Camp may take no more than a maximum of two social road trips. All road trips must be submitted 14 days prior to their planned departure on MaroonLink through the Road Trip Planning Form and approved by the Advisor(s) and Director of Risk Management and Administration. Additional road trip requests can be made with the Advisor(s) and Director of Risk Management and Administration.

- a. After the Road Trip Planning Form is approved, the Chairs are then responsible for filling out Texas A&M's Travel Information Form, located on StuAct Online. This form must be filled out 48 hours before the road trip takes place.
- b. At least 3 days before the road trip, the Chairs and Directors planning the road trip must meet with the Director of Risk Management and Administration. The road trip is not approved until this meeting has occurred. At this meeting, the Director of Risk Management and Administration may approve the road trip as is, require edits or changes to obtain approval, or not allow the road trip to occur.

Additional requirement for road trips include:

- a. Each vehicle must have a map, directions, and a cell phone in order to communicate with each other and prevent group separation.
- b. The first and last vehicle must have a first aid kit. If available, every car should have one.
- c. There must be enough seatbelts for every passenger in each vehicle.
- d. Any person who drives at any time on a road trip must carry a valid ID and their insurance information. They must also submit a Driver's Agreement Form.
- e. Road trips must all be within the State of Texas.
- f. At least one Chair and/or Member of Director Staff must be present for all road trips.
- g. It is imperative to follow these guidelines when planning a road trip in order to ensure the safety of everyone involved on the trip.

Section II: Consequences

If this policy is violated, the Disciplinary Process will be followed (Refer to Article XVI).

Article XIII: Commitment to Diversity

Section I: Texas A&M Policy

ATC follows the Texas A&M policy on discrimination as listed below:

“Texas A&M University, in accordance with applicable federal and state law, prohibits discrimination, including harassment, on the basis of race, color, national or ethnic origin, religion, sex, disability, age, sexual orientation, or veteran status.”

Section II: ATC Policy

Aggie Transition Camps is committed to creating a community of students who are all well-versed in inclusive language and practices, cultivating diversity within membership and leadership, and mindfully working to ensure the equity of our programs for the fair and equal treatment of all students. ATC as a whole must actively work to create meaningful change in spite of the history of injustice that has marginalized underrepresented groups within the workplace and other organizations. The purpose is to remember that all people can thrive personally and professionally. Aggie Transition Camps defines diversity, equity, and inclusion as the following:

- a. Diversity - the presence of differences within a given setting
- b. Equity - the process of ensuring that processes and programs are impartial, fair and provide equal possible outcomes for every individual
- c. Inclusion - the practice of ensuring that people feel a sense of belonging

Section III: Consequences

If a Member of ATC is found to have violated these policies in any way, the Disciplinary Process will be followed (Refer to Article XVI).

Article XIV: Hazing

Section I: Policy

No Member of Aggie Transition Camps shall engage in any form of hazing. In accordance with Texas A&M University Student Rules and Regulations, hazing is defined as any act directed against a student that endangers the mental or physical health or safety of a student for the purpose of pledging, being initiated into, affiliated with, holding office in, or maintaining membership in an organization. Any Member found to be a part of a hazing incident shall be

immediately removed from their position as an Officer and/or Member and referred to the University for further action. Hazing includes, but is not limited to:

- a. Misuse of authority by virtue of one's class rank or leadership position.
- b. Striking another student by hand or with an instrument or any type of physical brutality.
- c. Any form of physical bondage of a student.
- d. Taking a student out to an outlying area and dropping them off.
- e. Forcing a student into violation of the law or a University regulation such as indecent exposure, trespassing, violation of visitation, etc.
- f. Any form of "quadding" or "grodging."
- g. Having firsthand knowledge of the planning of such activities or firsthand knowledge that an incident of this type has occurred and failing to report it to appropriate University officials, will be reported to the University.
- h. Any activity that intimidates or threatens the student with ostracism that subjects the student to increased mental stress, shame or humiliation, or that adversely affects the mental health or dignity of the student, even with the consent of the student.
- i. Any type of physical activity that subjects the student to an unreasonable risk of harm.

As an ATC Member, it is your duty to report any form of hazing. Please report it immediately to an ATC Advisor or if you feel more comfortable, talk to a member of Director Staff and they will bring it to the attention of the Advisor(s).

Section II: Consequences

If a Member of ATC violates this policy in any way the Disciplinary Process will be followed (Refer to Article XVI). If a Member is found to be hazing, direct removal from ATC will occur.

Article XV: Weapons

Section I: Policy

Weapons do not help to promote the positive, comfortable, safe, inclusive atmosphere that Aggie Transition Camps strive to provide in order to help ATC participants in connecting with each other and forming positive, supporting friendships. Additionally, Texas A&M and camp policies state that firearms and fireworks are strictly prohibited with the exception of concealed handguns with the proper licensing.

Section II: Protocol

If an Aggie Transition Camps Member discovers, or has reason to believe, that weapons (firearms, knives, etc.) are present in a cabin, they should:

1. Notify a Co-Chair to get a Director or Advisor. No Member should touch the illegal item(s) under any circumstances.
2. Once the Director or Advisor arrives on the scene, they should be briefed on the situation.
3. At the direction of the Director or Advisor, a Counselor or Co-Chair should go get the owner of the weapon.
4. The Director or Advisor will talk with the suspected owner of the items.
5. The Director or Advisor will contact camp officials and/or local authorities as appropriate.
6. Incident reports will be completed by the appropriate individuals. They will be located in headquarters.

Article XVI: Disciplinary Process

Section I: Purpose

Every Member of ATC has accepted the responsibilities of their position within this organization, including, but not limited to, those found in this Constitution, the Behavior Agreement, the At-Camp and Skit Expectations, and Travel Accountability Agreement. They have also agreed to be committed to the Mission and Values of this organization. The Disciplinary Process outlined here ensures that each Officer and Member will uphold all of their commitments and responsibilities, and that the mission of this organization will be maintained and upheld to the highest standards.

- iii. After the Chair Procedure
 1. Minutes of this interview shall be recorded and a letter of findings shall be published and placed in the ATC records by sending all related documents and notes to the Executive Director and Director of Risk Management and Administration.
- iv. The following constitute a Chair Procedure:
 1. Excessive tardiness, failure to communicate, having a negative attitude, 3 unexcused absences from mandatory activities, failure to participate, and any other minor infractions the Chairs or Director Staff deem appropriate for the Chair Procedure.

Section III: Director Procedure (DP)

The Executive Director and Advising Staff shall gather information as deemed necessary to the situation(s). If needed, written documentation of the situation(s) involving the party under review, may be made by the person(s) closest to the situation. This may include an interview with the party in question or others with potential information related to the situation.

- a. The information that has been gathered related to the situation(s) is reviewed by the Executive Director and Advising Staff.

If the problem is not resolved, the time limit for resolution expires, another situation arises prior to the resolution to the first problem, the party in question fails to cooperate with the investigative process, the party in question has not responded in the allotted 72 hours of receiving the initial meeting notice, or the matter warrants a more formal review, then the situation(s), at the direction of the Executive Director and Advising Staff, will go under review of the Review Board.

Section IV: Review Board

The Review Board shall consist of Director Staff and Advisor(s), with each Director carrying one vote in the decision-making process. Both the Advisor(s) and the Executive Director must be present for the Review Board to take place. The Advisor(s), who is encouraged to participate in discussions, will not have a vote in the decision-making process. The Executive

Director is the head of the review board and will therefore control all Review Board procedures, but all Directors will have equal voting privileges.

- a. At the discretion of the Executive Director and Advisor(s), a Director may be removed from the Review Board for a certain case if that Director feels that he or she cannot be impartial to the situation, under review by the Review Board themselves, or has a conflict of interest.
- b. If the Executive Director is under review or removed from the Review Board, then the Advisor(s) will head the Review Board, while still acting without a vote.

If deemed necessary, the Executive Director sets up the Review Board meeting time with the party in question. Director Staff may ask questions that they have pertaining to the case.
 - iii. 10 minutes:

1. The party in question will then be allowed to ask any questions they may have in order to further clarify the reasons that they have been brought to the Review Board.
- iv. 20 minutes:

The Executive Director must inform, by formal letter, the party in question of the Review Board's decision within five business days following the Review Board. The Executive Director must also inform the party in question of the appeals process. Documentation of the findings and the decision shall be placed in the ATC records.

 - i. The case will move directly to the Review Board process and the party in question will remain on suspension until the Disciplinary Process occurs.
- e. This Disciplinary Process is for guidance purposes only, and failure to follow these procedures does not guarantee grounds for appeal.

- f. For the Disciplinary Process at camp, the process will be completed in the same manner but during a shortened time frame.
- g. The length of time given prior to Chair Procedure, Director Procedure, and Review Boards will be left up to the discretion of the Director Staff and Advisor(s) under the given circumstances.

Section VI: Consequences

If the Review Board finds the party in question to have violated the policy in question, the Director Staff will vote to decide the consequences of this violation. This shall be a majority vote. The consequences of the violation can be any action that the board finds appropriate, including removal from ATC and impact on future ATC involvement. As appropriate, the Director Staff will notify the University of any activity that violates the University rules and regulations.

The Director Staff's decision on consequences is the final opinion of ATC. If the Director Staff has decided that removal from the organization is the proper sanction, the Member in question should be removed from all camp forms of communication including, but not limited to, GroupMe, Slack, SnapChat, and Google drives.

- a. If the Member decides to appeal the decision, they must remain inactive until the appeal decision is made.

Section VII: Consequences of Probation

Each Member, once on probation, will go to a Review Board if another offense occurs, regardless of the severity of offense. Based on the evidence provided during the Review Board, Director Staff has the option to remove an offender from probation, keep Members on probation with no further consequences, or subsequent Review Boards will follow by majority vote. If a Member is kept on probation after a Review Board and another offense occurs, the Disciplinary Process will be followed.

Section VIII: Disciplinary Appeal Procedures

If the party in question has grounds for appeal, they can appeal that decision. Grounds for appeal are limited to the following:

- a. New information available that could significantly change the outcome of the review.
- b. The Disciplinary Process did not follow procedure as established in the Constitution.
- c. Consequences imposed by the Disciplinary Process are incongruent with the findings of the review.

This appeal must be done within 5 business days of the disciplinary decision. If needed, the party may meet with the Executive Director and the Advising Staff to explain why they are appealing the decision. This meeting is not to prevent the party from appealing, but rather to learn the grounds of their appeal and to inform the party of the appropriate appeal procedures. The appeal will be taken to the ATC Advisor(s) for review and consideration. The Advisor(s)

makes the determination of whether or not the appeal meets one of the qualifying grounds for appeal and can choose to uphold the original decision, recommend to the Director Staff revisions to the decision or any sanctioning requirements, or send the situation back through the Disciplinary Process for further review. The Advisor(s) may call on additional support such as the secondary Advisor or other Student Activities Staff members, if needed, to assist with the appeals process. Once this appeal process is complete the decision is final and there is no further point of appeal.

Article XVII: Confidentiality and Ethics

Section I: Policy

All Officers of ATC are responsible for maintaining the confidentiality of the organization. This includes, but is not limited to, procedures involving selection of Directors, Chairs, Teamers, and Counselors, as well as, matters regarding grades and disciplinary procedures. Director Staff reserves the right to declare any procedure, discussion, or information confidential.

Section II: Consequences

If it comes to the attention of the Director Staff that any Officer has violated this policy, the Disciplinary Process will follow.

Article XVIII: Length of Policy

For Directors, all policies are in effect until their term ends based on the Staff Behavior Agreement signed at the beginning of their Staff term. For Chairs, Teamers, and Counselors, all policies are in effect until 5PM 2 days after their program's return from camp. Policies for Member and Camper relations remain in effect until March 1st for Howdy Camp and October 1st for T-Camp.

Article XIX: Amendments and Revisions

Section I: Amendments

This Constitution may be amended at any time by majority vote of the active Director Staff.

Section II: Revisions

This Constitution is reviewed bi-annually and subject to the approval of the Department of Student Activities.

Article XX: Policy Comprehension

Section I: ATC Leadership Behavior Expectation Agreement

I understand that failure to follow policy may lead to my dismissal from this organization. If I am removed from ATC due to disciplinary reasons, I understand that I will receive no refunds. I also understand that I am to maintain the confidentiality of the organization as stated in Article XVII.

“All members of ATC in leadership positions (Directors, Chairs, and Advisor(s)) are responsible for maintaining the confidentiality of the organization. This includes, but is not limited to, procedures involving selection of Directors, Chairs, and Counselors, as well as matters regarding grades and disciplinary procedures. Director Staff reserves the right to declare any procedure, discussion, or information confidential.”

As an Officer in ATC, I agree to uphold the Confidentiality and Ethics outlined in Article XVII of the Constitution throughout my term in office. I fully understand that all knowledge of internal decisions and methods related to ATC will be held in the strictest confidence. No one outside of the ATC Director Staff and Chairs will be privy to this information. This includes information involving partnerships and camp information, selection, review, interviews, evaluations, and any other matters deemed necessary by the Director Staff.

I agree to hold all members accountable in accordance with the ATC Constitution and the Mission and Values of the organization. I realize as an Officer of this organization it is important that I remain ethical in every decision and action made. As an Officer, I am committed to maintaining integrity of the organization and agree to uphold the information outlined above.

I will uphold the Aggie Honor Code:

“An Aggie does not lie, cheat, or steal; or tolerate those that do.”

Section II: ATC Member Behavior Expectation Agreement

The mission of Aggie Transition Camps (ATC) is to orient new students to Texas A&M University, teach them Aggie traditions, help them to connect with fellow students and develop a network of friends at Texas A&M, and fully support their successful transition to the University. It is in this spirit that we make this Behavior Agreement for ATC 2022-2023.

While University employees and trained student staff may be accompanying you to camp, it is unlikely that those persons will be able to provide constant supervision. It is expected, however, that students will abide by University policies and regulations, the Student Rules (found at <http://student-rules.tamu.edu/>) and all instructions presented by University Staff and Director Staff members, whether written or verbal.

In exchange for being granted the opportunity to participate in ATC 2022-2023, I understand that I am expected to attend all meetings and participate, to the best of my ability, in all programs and activities. I will also abide by the ATC Constitution, ATC policies, ATC At-Camp policies, and Texas A&M University Student Rules (as listed at <http://atc.tamu.edu> and <http://student-rules.tamu.edu/>). I will do my best to contribute to the quality of ATC affiliated camps and the well-being of the group.

ATC is an alcohol free and substance free program. As an ATC participant, I agree to abide by the substance free policy, and understand that if I violate this policy (or any others as stated above), I may be removed immediately from ATC.

Section III: At-Camp and Skit Expectations

Any of the expectations listed below not being met would result in the At-Camp Disciplinary Process being followed. Therefore, claiming to not know or understand these expectations does not exempt a Member from being held accountable for their behavior.
